BRIEF ABSTRACT OF LETTER

Invites attention of the Govt. to the deplorable state the Sanitary staff of the Bangalore City and suggests that the two Senior Sanitary Inspectors who are unqualified men should be transferred to some less responsible work and be replaced by properly trained men

NOTES AND ORDERS

The present Sanitary Inspectors
Varadaraju and Gulam Ali are not
eligible for training as the King, Luckhoo
~~as they are not matriculated~~ -
The other two men recently entertained

2 Submitter for orders with references flagged X, Y & Z. The Madras Govt order exempting permanent men from passing any examination in sanitation has been put up with at Nos: 8231 & 8384, which are pending orders of the Secretary.

Madam 3 The present Sanitary Staff in the Bangalore City is not as defective as is apprehended by the Sanitor Surgeon. Besides the Sanitary Inspector and his Assistant who, though not qualified by passing the tests, are capable of turning out much better work than any passed Candidates, there are two qualified Asst. Sanitary Inspectors recently appointed by Government. If all these men work properly within the Conservancy Staff placed at their disposal, there can be no fear of the Town being kept in a satisfactory condition. If however, the object of the present reference is simply to give effect to the orders contained in Govt Pro No 9301-19 of 28th Dec 1903.

what a fully qualified Chief

B The question then is whether well-experienced & certificated Sanitary Inspectors are ~~now~~ ^{or as soon as they become available} available. If they are, they must be taken on & "required" to acquaint themselves with the local requirements and exercise proper control of the staff and to prove efficient & useful before the present unqualified men are displaced. This is all that the Board want. They cannot propose an indefinite 31-8-03 - postponement of the scheme for the sake of the present ~~men~~ ^{men}.

by If however the Sanitary
Law considers the latter
 sufficiently good tho' unimproved,
 there would be no need
 for their displacement. The
 Scheme can nevertheless be
 given effect - to the extent
 possible - &c.

No 29
Encl 1
From

THE PRESIDENT,

Municipal Commission,

Bangalore City

To

The Secretary to the Government of H H the Maharaja of Mysore,

General and Revenue Departments,

Bangalore.

Sir,

With reference to your docket No. 177/ municipal (430-04)-17 dated the 5th Instant, re defective state of the Sanitary Staff of the Bangalore City, I have the honor to submit herewith, for information and orders of Government, a copy of the resolution of the Board dated the 20th ^{ide} wherein they agree as to soundness of the principle recommended by the Senior Surgeon and Sanitary Commissioner viz, that of employing qualified young men in place of the existing uncertificated Sanitary Inspectors, but hesitate to introduce the change suddenly unless well-experienced Certificated Inspectors are available

2 It is stated that once before Certificated but inexperienced Sanitary Inspectors were employed in this municipality and that they proved a failure

3 Even Certificated Sanitary Inspectors of some experience (gained in out-stations) will require some time to acquaint themselves with the local requirements and exercise proper control of the staff ^{and} to prove efficient and useful

I have the honor to be
Your most obedient servant,

Attagarker

8. General and Revenue Secretary's docket No 177—Ml (480-04) 17, dated the 5th July 1905, forwarding, for opinion, a copy of the Senior Surgeon and Sanitary Commissioner's letter dated the 22nd June 1903, bringing to the notice of Government the defective state of the sanitary staff of the City.

Resolution,--No doubt the Sanitary Commissioner's proposal to replace experienced Uncertificated Sanitary Inspectors by duly Certificated young men is sound, but Board hesitate to introduce the change suddenly unless the Government are prepared to provide experienced Certificated men. However, the Board are prepared to introduce the change gradually.
